

# ADVANCE PEEK-BASED COATINGS

## BUILT FOR STRENGTH & DURABILITY

Delivering exceptional performance in high heat, chemical, and abrasive environments.

### APPLICATIONS

#### INDUSTRIAL

- ✓ Bearings
- ✓ Rollers
- ✓ Valves

#### FOOD PROCESSING

- ✓ Bakeware
- ✓ Belts
- ✓ Cookware

#### ELECTRONICS

- ✓ Circuit Parts
- ✓ Semiconductor Equipment

## ABOUT VICOTE<sup>®</sup> COATINGS

VICOTE coatings, based on advanced PEEK polymer technology, deliver exceptional wear resistance, high temperature performance, and long-lasting durability. Designed for demanding industrial applications, they enhance product life while reducing maintenance and operational costs.

## KEY BENEFITS

- ✓ Exceptional abrasion resistance
- ✓ High temperature performance (up > 280°C)
- ✓ Excellent chemical resistance
- ✓ Low friction & smooth surface
- ✓ High load-bearing surface
- ✓ Eco-friendly & low VOC
- ✓ Electrical insulation properties
